Responsible Service

A recent verdict totaling \$28 million (including \$10 million in punitive damages) was rendered against a Local Lodge; it was alleged that a non-Elks member was improperly served alcohol while attending an Elks-sponsored function that was open to the public. The verdict has created a significant financial burden on the Master Liability Program, which provides insurance coverage for Local Lodges. But, more importantly, it has presented a negative image for the Order. The complete article is in the GL April newsletter, and lodges are asked to include it in their Lodge bulletins.
