SP Rische Acceptance

It is with great pride that I gladly accept the position of State President for the ensuing lodge year. I certainly never expected to be here accepting this nomination and I am overwhelmed and humbled to represent all of you as I travel across the great state of New York for the next 12 months. I look forward to visiting with many of you throughout the coming year and seeing and learning about all the wonderful programs you run that benefit so many truly needy people.

My motto for this year is, Elks-Champions of Charity.

Whether you love this organization because of our charitable giving to our Veterans, our youth, our elderly, or the destitute we are clearly all about giving to those in need. With the help of the Elks National Foundation and the CIP grants we're able to make a tremendous impact on our communities. Through our State Major Project we are able to help so many in need of assistance who otherwise might go without. We are able to change so many peoples lives and give them hope in an ever changing world.

With all of these programs there is one common thread. They are all made possible through the generosity of our members. All of the Elks in this room, the rest of the members across the state and the rest of the members across the greatest country in the world.
